“Wicker” furniture was popular in Victorian conservatories, but once the much superior Lloyd Loom became available it replaced Wicker as the furniture of choice. That still holds true and the traditional Lloyd Loom style and finish goes perfectly in today’s Garden Rooms and Conservatories.

The Babbington is our most popular range for the Garden Room. Also consider a Balmoral (page 28) to accompany it for variety. Look at the Buxton or Boston Lounge for luxury, the Burghley for classic comfort, and for dining look at the York or Stamford ranges on pages 11 & 17. For a stylish teatime consider the Belvoir range on page 20.

Illustrated in Nearly White weave with cushions in customers own fabric.

Burghley

The original classic Lloyd Loom armchair, recreating the elegance of the past. The model is available in many guises. Both armchair and sofa come with either a drop-in cushion seat, as illustrated, or the armchair is available with a padded or flat weave seat. The flat weave seat is often ordered with a 1 inch cushion making it ideal for casual dining in restaurants or the home. There are several tables which complement the Burghley such as the Burghley, Canterbury, Belvoir or Babbington tables. The Babbington footstool is also a good match.
For conservatories meant for relaxing. The whole range is great value and includes a comfortable armchair and two and three seater sofas. There is also an accompanying footstool - and a sofa table available with or without a shelf. Cushions can be made in any of our standard fabrics or your own choice of fabric.

Consider the Balmoral chair – page 28 as a partner for the Babbington.
Buxton

Deep and luxurious seating for your conservatory – or anywhere else you want to relax... The chair is fashionably wide – but still surrounds you comfortably. There is also a stylish companion table in two sizes.
Boston Lounge

A lounge set with contemporary appeal which will look at home in any interior setting. It has been designed for comfort with carefully upholstered cushions and a high back for support. The range includes a comfortable chair, 2 and 3 seater sofas and a substantial footstool.
Dining in the Garden Room

The Conservatory or Garden room is increasingly used for dining. Often it is an extension to the kitchen and the centre of the home, a place where Lloyd Loom dining chairs come into their own. Their clean modern lines are complemented by the woven fabric which gives a natural “outdoor” feel.

Consider the variety displayed in the next few pages, bearing in mind the colour palette of the garden. Once you have decided on your preferred model, go to page 35 where all of our weave colours are shown and look especially at the lighter and more natural shades.
Dining

Lloyd Loom weave is the up to the minute choice for dining chairs. The clean lines give a classic yet contemporary elegance, whilst the natural weave confers a relaxed mood.

Our dining chairs come in all shapes and sizes. The elegant Wells and Boston range are ideal for traditional dining; the Bourne and Derby have a contemporary tapered square leg design; the stylish Bistro and Bantam are ideal for a kitchen, café or restaurant. For the conservatory consider the original Lloyd Loom dining chair, the York and Stamford.
York

A popular and reasonably priced dining chair with a padded weave seat. It is shown here with a non-standard cushion. In cases where a loose cushion is desirable, we would recommend using the Stamford chair with a “flat weave seat”. We can supply 1 inch cushions in the fabric of your choice.

Bedroom Bathroom

Until the middle of the last century nearly every house had its comfortable Lloyd Loom chair in the bedroom and, where size allows, the bathroom. This is becoming the norm again, both at home and within the hospitality trade. What could be more welcoming and nostalgic?

We designed the Barton range with practicality in mind. It is new and very affordably priced. If heritage is what you desire, look at the Trader range and our linen baskets. Any of our classic chairs (see the “Garden Room” section) are perfect for the bedroom or bathroom – but two that are especially popular for the more substantial bathroom are the Bolero and Balmoral.

Illustrated in Nearly White weave

This is true Lloyd Loom heritage style from the 1930s. The dressing and bedside tables are classics, as is the stool. The stool is just as at home with the Barton range and the modern Woodstock headboard is a simple design, comfortable with most styles. All pieces are available in any of our beautiful colours.
Balmoral

The Balmoral is a classic design that lives up to its name. It is a large, comfortable and curvaceous armchair with a padded weave seat.

Bolero

One of our most admired models of recent years, combining the traditional Lloyd Loom features with a more contemporary line. It is striking either as a single chair for the bedroom or reception or as a casual dining chair - as it has been used in many restaurants and cafes. It is available with either a weave or fabric seat.
Reception

The domestic hall or the reception area of a hotel or restaurant always benefits from a statement piece - and this is where some of our most interesting designs come into their own.

Whether you have room only for one striking Nemo, or space for an arrangement of Madridds, tailored to fit and covered in exciting fabric – we have something that will add grace, heritage and British flair to your design.

Shown on the next couple of pages are just a few suggestions for models, also try the "Garden Room" and "Bedroom" sections for more inspiration.
Nemo

A modern and award winning design. A statement and sought after piece which will become a future classic.
Madrid

A simple sofa and matching chair which does not follow the more usual bent-wood designs of classic Lloyd Loom. It works well in reception areas and can be made in a number of widths to the client’s specification. It is shown here with a delos cube seat.

Orient

A 1930’s classic, named after ss-Orient, the cruise ship for which it was originally commissioned. It has a 4inch drop-in cushion which can be upholstered in any of our standard fabrics or in the fabric of your choice. Note that the seat height is lower than standard.
Lloyd Loom of Spalding has been supplying the hospitality and leisure industries with classic English dining chairs and Reception pieces for many years.

Working with Interior Designers, Specifiers and Owners, we can offer advice on product selection and suitability, fabrics and colours, as well as offering space planning services and the possibility of bespoke adjustments, tailor making to a client’s requirements.
All of our tables (except for the Banbury) are available with weave or weave & glass tops. Our Stamford dining tables are also available with oak tops. Please specify W, G or O against the code. Brass clips are used as standard with our glass tops, a chrome finish is also available.
Although every effort is made to ensure consistency of product it should be noted that, particularly in respect of handmade furniture, slight variations in both colour and specification can occur. The colour of new furniture will inevitably vary compared to furniture which has been produced some time ago. Fabrics may also vary from batch to batch. We therefore recommend that wherever possible customers purchase all of their furniture requirements at the same time if the best possible colour match is critical.

Every care is taken to ensure that illustrations/photographs in our brochures and on our website are as accurate as possible, but these should always be used as a guide only particularly in relation to colour. Some images may have been digitally altered.

Although every care is taken to ensure that the information contained herein is correct and complete, no liability can be accepted in respect of the correctness or completeness of the information given. We reserve the right to amend the specification of our products at any time. All products are subject to availability.

These are our standard weave colours. We can also supply any RAL or F&B colour at a surcharge. All colours are represented as accurately as the print process allows. Please contact us for swatches if exact colour match is critical.
